

QUALITY AND STYLE FOR ALL TO SEE

The best for you and your home

1.

# WINDOWS

## UPVC WINDOWS

As the famous saying goes, the devil is in the detail. For us, that means using Europe's leading uPVC profile, Kömmerling. Our windows are fusion welded with a raised-nib and knife-finished, resulting in a clean, identical weld every time. This not only looks great, but provides strength.

Aside from insisting on Europe's leading profile, we also ensure that the glass is the best available. This means our windows are A Rated as standard, keeping your home toasty warm. Combine this with our Police Approved locks and you have yourself an exceptionally high standard of window.

2.

# THE RESIDENCE COLLECTION

## TIMBER ALTERNATIVE WINDOWS

The Residence Collection is an elegant blend of old and new, fusing classic aesthetics with the performance of modern materials. We've been transforming homes for almost 30 years and we're sure The Residence Collection is a product that will change the face of home renovations over the coming years.

With a high performing and innovative design, The Residence Collection provides an ideal solution for a wide range of properties, from new builds to country cottages and 1930s semi-detached houses.

## ALUMINIUM WINDOWS

A growing trend towards simple style and slim sightlines encouraged us to broaden our product portfolio, welcoming aluminium windows and doors into the fold a few years ago. Like you, we have discerning taste and worked hard to ensure we chose a partner whose products we'd have in our own homes.

Our aluminium windows and doors are fabricated using Senior Architectural Systems profiles. They offer great thermal performance and security, and can be fabricated in a wide range of colours.

## RESIDENCE 7

R7's versatile and intelligent design features give you elegant, modern windows without sacrificing efficiency and security. With beautifully modern flush sash exteriors and interiors, visible joints and symmetrical glass sight-lines, R7 windows complement both modern and traditional British homes. R7's sophisticated 7 chamber design and 75mm wide frame means superior thermal and acoustic properties, strength and security. R7 accommodates energy efficient double or triple glazing, and every window is internally glazed to ensure higher security. R7 is available as casement, shaped, bay and bow windows.

## COLOURED WINDOWS

Long gone are the days of a simple choice between white and rosewood. Our windows, whatever the material, are available in an impressive range of colours. Whether you're looking for a gentle Painswick Green to complement a stone cottage or the latest Eclectic Grey to pair with K-Render, we are sure we will have just the right shade that is perfect for your home.

We have more than ten colours on display in our showroom, so why not visit to see the different colours and finishes up close. We're open 6 days a week and there's plenty of free parking.

## RESIDENCE 9

R9 windows are designed to imitate 20th Century timber windows, combining classic aesthetics with modern materials. They include state of the art design features and champion British craftsmanship, blending time honoured traditions with modern manufacturing processes. With a range of splendid styles and configurations, R9 windows allow you to create an individual design statement for your home.

Residence 9 windows have 9 chambers and are 100mm deep, resulting in superior thermal, acoustic, strength and security performance. All windows are available in a range of handpicked colours that can be paired with authentic hardware to finish the look.

3.

# SOLIDOR

## SOLIDOR COMPOSITE DOORS

Your front door is the heartbeat of your home. It gets the most use, protects you from the elements and keeps you safe. Whether you're planning a whole house renovation or a simple lick of paint, the impact of a new front door can transform your home. That's why thousands of homeowners across the country have chosen Solidor to enhance their home and protect what matters most to them.

Whether your style is traditional or contemporary, or you're looking for a standard size or something bespoke, Solidor has what you need!

Solidor's industry leading composite doors have a 48mm solid laminate, timber core. 10% thicker than most alternatives, Solidors are thermally efficient and extremely secure. For even more peace of mind, your Solidor is fitted with security hardware of the highest specification in the UK.

For statement entrances Solidor offers beautiful sculptured door frames or contemporary chamfered frames. Choose from composite side panels, quarter panels or glass. Solidor will incorporate your choice of classic or decorative glass, including bevelled, coloured and textured glass.

4.

## THE ITALIA RANGE

Solidor's Italia Collection is a stylish choice for your home, with striking attention to detail. Each Italia door is handmade in Staffordshire, crafted from the finest materials and inspired by the enduring style of Italian design.

Tailor your Italia door to your property with our range of colours and design features, including matching side panels. Choose from our comprehensive collection of glass styles or upgrade to handmade Warwick Glass, completely individual to your door. The Italia Collection includes fashionable door furniture in modern finishes, including solid stainless steel.

Alternatively, Solidor's range of timeless, traditional ironmongery will complement your Italia door beautifully. We offer an exclusive range including handles, knockers and letterplates. There are 5 handles in the range, along with a stunning ring knocker available in black and pewter finishes.

As with any Solidor, you can be assured of the outstanding quality and security of the solid laminate 48mm timber core. Each Italia door is fitted with Ultion, the UK's most secure locking system, as standard. Relax knowing that what's important to you is safe.

## TRADITIONAL COLLECTION

Solidor's Traditional Collection fuses classic design with modern technology. Each design suits both traditional and modern properties, adding a touch of elegance and style to your home. Every Traditional Solidor is available in a wide range of colours, with the latest high security locks as standard.

Your Traditional Solidor will be unique, designed by you and brought to life by skilled craftsmen in Solidor's Staffordshire factory.

We understand that replacing your front door is a big decision and we want to help you get it just right. Our showroom offers a great starting point to spark your imagination. We have more than 30 Solidors on display, as well as every single one of the 20+ colours. Combine that with our 32" touch screen Design Your Door tool and your ideas really can be brought to life. We're open 6 days a week, so call in for a coffee and a no-pressure chat.

If you're not quite ready to visit our showroom, our Design Your Door tool is available on our website. When you're ready, submit your design and we'll be in touch to talk you through the rest.

5.

## FUNCTION DOORS

### BIFOLD DOORS

Bring the outside into your home and enjoy more space and light. Our aluminium bifold doors offer you a flexible, tailored solution which doesn't compromise on insulation, energy efficiency or security. A popular alternative to more traditional uPVC French doors and uPVC sliding patio doors, bifolds create an open plan feel, blending your living space seamlessly with your garden. Choose from a wide range of colours to make the most impact in your space.

### FRENCH DOORS

French doors make a superb addition to your home, providing a wider opening than standard doors and allowing maximum light and ventilation. We offer uPVC, aluminium and Solidor French Doors in a wide range of colours and configurations. Alternatively, choose Residence Collection French Doors for a convincing timber-alternative finish. Available as inward or outward opening doors, additional configurations include side panels and/or fanlights. Choose from our range of glazing options, including clear glass, Georgian bar and lead work.

### INLINE PATIO DOORS

Enjoy views of your garden or patio all year long, whilst benefiting from warmth and security. Our inline patio doors are a popular space-saving alternative to French doors. Available in a range of finishes including rosewood, golden oak, cream and black, they make a handsome addition to any property. Helping you to protect your home has always been important to us, which is why we offer Secured By Design inline patio doors. The combination of safety features includes laminated glass, plunge bolts and a six-point tempered steel multi-point lock.

6.

## CONSERVATORIES

### GLASS CONSERVATORY ROOFS

Flood your home with natural light all year with a high-performance glass conservatory roof. Whether it's a new roof or complete conservatory replacement, we have an expertly designed solution for your dream project.

Glass conservatory roofs improve thermal performance throughout the year. Our self-cleaning, high-performance glass and argon-filled glazing units will out-perform your old polycarbonate roof.

Popular designs include Victorian, Edwardian, P-shaped and lean-to. There's also a wide range of classic and contemporary colours to choose from.

### GUARDIAN™ WARM ROOF

The Guardian™ Warm Roof system has taken the home improvement industry by storm. Exceptionally popular, our Guardian™ Warm Roofs help busy families and relaxed retirees alike reclaim their conservatories. If your conservatory is bitterly cold in winter and humid in summer, a Guardian™ Warm Roof is just what you need.

The Guardian™ Warm Roof system is LABC accredited and has been tested and approved by industry bodies for its superior thermal and structural performance, condensation risk and energy savings.

Blend your conservatory seamlessly with your home by selecting from our beautiful finishes. Choose from a range of external tiled finishes including a convincing slate finish, brick red or gentle plum. Internal finishes include Velux windows, LED lights and smooth plaster. We'll even decorate for you!

Installing a complex Guardian™ Warm Roof requires skill and expert knowledge. Our experienced installers are Guardian™ approved, time-served and directly employed by us. In as little as three days, they will carefully and expertly transform your conservatory into a year-round living space. Peace of mind comes as standard with Alexander Windows.
